

Choosing a Pediatrician at LaTouche Pediatrics

Step 1 - Call LaTouche Pediatrics and tell the receptionist that you are expecting a baby and would like to sign up with one of our pediatricians.

We suggest that you schedule a complimentary prenatal visit to meet with one of our doctors.

If you prefer, you may simply register with our office and the pediatrician of your choice will come to see you and your baby in the hospital,

Step 2 - The receptionist will ask your name, your due date, the baby's sex (if known), who will be delivering your baby and where you expect to deliver. You should also tell about any expected complications (or if you prefer you can do that during the prenatal visit at the office).

Step 3 - We will send you a packet of information about our office, including registration forms. Please bring the completed paperwork with you to the prenatal visit. If you choose to not have that visit, please mail the questionnaires back to us in the self-addressed envelope which will be enclosed.

Step 4 - Tell your obstetrician or midwife that you have chosen a LaTouche pediatrician.

Step 5 - Delivery! When you go to the hospital to deliver your baby, they will ask who your pediatrician is. The staff will notify our office and your pediatrician will come to see your baby.

**We look forward to
greeting the new member
of your family.**

Here are the LaTouche pediatricians:

Dr. Phyllis Kiehl, MD, FAAP
